

JUSTICE FAIR

MAY 21, 2026

6PM-8PM

**BROOKLINE HIGH SCHOOL
22 TAPPAN STREET**

Light refreshments will be provided

Co-Teachers: Marcie Miller & Rob Primmer

Join us for the culminating event of the **BHS Innovation Fund**—supported **Justice in Action** course, a new interdisciplinary senior elective linking English and Social Studies to explore how justice works in theory and in real life. This science-fair-style evening allows students to showcase projects and share insights from their learning this year including their observation placements across the justice system, while also recognizing the faculty and community partners who helped make this ambitious course possible.
