BROOKLINE HIGH SCHOOL INNOVATION FUND

OUR STORY

The Brookline High School Innovation Fund is a non-profit organization that supports innovative teaching and learning at Brookline High School (BHS). Since its founding in 1998, the Fund has grown into a powerful force, empowering teachers to bring innovative ideas to life and shape a learning environment where all students can reach their full potential.

The Fund has raised and invested over **\$8 million in its 28 years** to support teacher-designed projects that transform the educational landscape of BHS.

WHY SPONSOR THE FUND?

The Fund has a direct impact on the lives of every student at BHS. It has **supported** the creation of **over 35 programs and courses**, including the African American and Latino Scholars Program, 9th Grade Experiential Physics, and the Reimagining the Restaurant program.

The Fund fosters a culture of innovation that **helps BHS recruit, motivate, and retain teachers, sparks creativity, and boosts morale**. The fund is one reason BHS is a highly attractive workplace for teachers.

The Fund's financial investments in teacher-led projects have a significant impact on the school. The Fund **invests over \$300,000 annually**.

OUR MISSION

At the BHS Innovation Fund, our mission is to catalyze innovation at Brookline High School by supporting faculty-driven curricular initiatives that will inspire our students and prepare them to thrive in a changing world.
